  - Supporting coursework: Corporate Accounting, Private Law, Public Law.

## RESEARCH & ACADEMIC PROJECTS

---

- **Replication — Bloom et al. (2015), *Does Management Matter in Schools?***  
*ECON-S302 Introduction to Research in Economics* Spring 2026
  - (19/20) Full replication of the OLS specification linking student achievement to management quality. Extended with an OLS specification linking management quality to principal characteristics using data from the *World Management Survey*.
- **Dérouler les Prix : Discrimination sur le Marché Européen du Papier Toilette**  
*ECON-S307 Séminaire d'Economie Appliquée* Spring 2026
  - (19/20) Hedonic price analysis of the European toilet paper market based on an original dataset of 1100 references collected by ourselves. Implemented a sequential decomposition of the structural and non-structural component of price residuals.
- **Micro-econometrics : socio-economic and behavioural factors influence on sleep**  
*STAT-S301 Introduction to Econometrics* Autumn 2025
  - (18/20) Analysis of socio-economic and behavioural factors on sleep duration. The study examined whether working habits, family structure, and personal characteristics significantly affect individual sleep behaviour.

## TEACHING EXPERIENCE
